

Driver User Stories

1. As a driver, I can register an account so I can start earning rewards.
2. As a driver, I can log in to my account so I can review my points history or shop.
3. As a driver, I can log out of my account, so that nobody can access my account.
4. As a driver, I can see my user profile so I can see how I appear to sponsors.
5. As a driver, I can reset my password, to regain access to my account.
6. As a driver, I can customize my page to be in light mode or dark mode for accessibility reasons.
7. As a driver, I can see a list of sponsors, so that I know the different sponsors to apply for.
8. As a driver, I can search through the sponsors, so that I can find a specific one.
9. As a driver, I can view sponsors' profile images, so that I know more about them.
10. As a driver, I can view sponsors' bios, so that I know more about them.
11. As a driver, I can view sponsors' company links, so that I can learn more about them.
12. As a driver, I can view the sponsors' point criteria, so I can know what behaviors I will be punished or rewarded for.
13. As a driver, I can view the sponsor's catalog information, so that I can decide if I like it.
14. As a driver, I can view the sponsor's point conversion rate, so that I can decide if I like it.
15. As a driver, I can request to join a sponsor so I can get rewarded for points.
16. As a driver, I can withdraw my sponsor application if I change my mind.
17. As a driver, I get a notice of acceptance so I know when I can use the platform.
18. As a driver, I can view and agree to the sponsor's terms and conditions, so I know what the sponsor's rules are.
19. As a driver, I get a notice of rejection so I can apply to a different sponsor.
20. As a driver, I can download my user data so I can keep it for my records.
21. As a driver, I can view my profile picture, so that I know if it's what I want.
22. As a driver, I can change my profile picture, so that I may be more easily identified.
23. As a driver, I can view my name, so that I know it's still correct.
24. As a driver, I can change my name, so that it's up to date.
25. As a driver, I can view my email address, so I know what is currently set.
26. As a driver, I can change my email address, so that it's up to date.
27. As a driver, I can verify that my email address is correct so that I don't lock myself out of an account.
28. As a driver, I can view my phone number, so I know what is currently set.
29. As a driver, I can change my phone number, so that it's up to date.
30. As a driver, I can view my bio, so that I know if it's what I want.
31. As a driver, I can change my bio, so sponsors can know more about me.
32. As a driver, I can change my password, so I can secure my account.
33. As a driver, I can have my password checked against itself when changing so that I can guarantee it's correct.

34. As a driver, I am notified when my password has been changed, so I can take measures if someone has infiltrated my account.
35. As a driver, I can save my address so purchases can be mailed to me.
36. As a driver, I can view my address, so I know that purchases will be mailed to the right location.
37. As a driver, I can change my address if I move locations.
38. As a driver, I can close my account, so that I can remove an account that is no longer needed.
39. As a driver, I can view the catalog so I can decide how to use my points.
40. As a driver, I can search the catalog so I can find a product I want quickly.
41. As a driver, I can filter the catalog by point range so I can find products that are within my budget.
42. As a driver, I can filter the catalog by rating so I can find products that meet my standards.
43. As a driver, I can sort the catalog by point cost so I can easily compare products by cost.
44. As a driver, I can see pictures of a product so I can decide if that product is something I want.
45. As a driver, I can see the ratings on a product so I know how popular a product is.
46. As a driver, I can see the name of a product, so I know what the product is.
47. As a driver, I can see the description of a product so I can make a better purchasing decision.
48. As a driver, I can see reviews for a product so I can know if a product is worth buying.
49. As a driver, I can rate a product so the sellers and sponsors can get feedback.
50. As a driver, I can review a product so other drivers can see if a product is worth buying.
51. As a driver, I can see the point cost of a product so I can spend my points wisely.
52. As a driver, I can add to a wish list, so I can easily buy a product when I have enough points for it.
53. As a driver, I can remove from a wish list, so I can manage my wishlist.
54. As a driver, I can favorite from a wish list, so that I can prioritize items in my wishlist.
55. As a driver, I can reset my wishlist, so that I can make quick changes to it.
56. As a driver, I can add a product to a cart so I can inform my sponsor of my reward choice.
57. As a driver, I can add multiple products to a cart so I can use up more of my points at once.
58. As a driver, I can add multiples of a product to my cart so I can buy in bulk.
59. As a driver, I can remove items from my cart so that I can change my mind about what I want.
60. As a driver, I can view my total cart cost, so that I know how many total points will be spent.
61. As a driver, I can view my total cart items, so that I know what I am getting.

62. As a driver, I can checkout using my points so I can let my sponsor know what rewards I want to purchase.
63. As a driver, I get to verify my address details and items before I checkout so I don't make any errors before I commit to the purchase.
64. As a driver, I can cancel my purchase if I change my mind.
65. As a driver, I can check the status of my order so I can know the location it is traveling from.
66. As a driver, I can print an invoice for my purchase for legal purposes.
67. As a driver, I can see a history of purchases so I can buy a product again.
68. As a driver, I can create a support ticket about an item, so my sponsor can help me with my order.
69. As a driver, I can attach a picture to my sponsor support tickets, so I can better explain my issue.
70. As a driver, I can create a support ticket about a technical issue, so the administrators can help me resolve it.
71. As a driver, I can attach a picture to my admin support tickets, so I can better explain my issue.
72. As a driver, I can view support ticket history, so that I can keep track of my issues.
73. As a driver, I can view my point balance, so that I can know when I can buy things.
74. As a driver, I can see a summary page of my points, so I can have a sense of my driving behavior.
75. As a driver, I can see a history of points awarded or taken away so I can adjust my driving.
76. As a driver, I can filter my point history by months, so I can find specific history information.
77. As a driver, I can view the point change justifications, so I feel like I understand what I did right/wrong.
78. As a driver, I can request a re-evaluation for a point change, so I can argue why I do not agree with the justification.
79. As a driver, I can utilize my points so I can purchase items from the catalog.
80. As a driver, I am notified by email if I am removed from the platform so I am made aware of any administrative actions.
81. As a driver, I can toggle email product application notifications, so that I get updates sent to me if my product is approved or denied.
82. As a driver, I can toggle email product purchase notifications, so that I get confirmation my request was sent to the sponsor.
83. As a driver, I can toggle email point addition notifications so that I can get updates on when my sponsor has added points.
84. As a driver, I can toggle email point removal notifications so that I can get updates on when my sponsor has taken away points.

85. As a driver, I can toggle email product shipping notifications, so I can get confirmation when my product is on the way.
86. As a driver, I can toggle email product delivery notifications, so I can get confirmation that my product has arrived.
87. As a driver, I can toggle SMS product application notifications, so that I get updates sent to me if my product is approved or denied.
88. As a driver, I can toggle SMS product purchase notifications, so that I get confirmation my request was sent to the sponsor.
89. As a driver, I can toggle SMS point addition notifications so that I can get updates on when my sponsor has added points.
90. As a driver, I can toggle SMS point removal notifications so that I can get updates on when my sponsor has taken away points.
91. As a driver, I can toggle SMS product shipping notifications, so I can get confirmation when my product is on the way.
92. As a driver, I can toggle SMS product delivery notifications, so I can get confirmation that my product has arrived.
93. As a driver, I can toggle SMS notifications for if I'm removed, so that I can be aware if I'm removed by my sponsor/admin.
94. As a driver, I can view my sponsor's contact information, so that I can contact them with driving-related communication (for example: an issue about how points are given).
95. As a driver, I can leave my current sponsor, so I can leave if I do not like their service.
96. As a driver, I can toggle SMS alerts when new products are added to the catalog, so I can check out the new options.
97. As a driver, I can toggle email alerts when new products are added to the catalog, so I can check out the new options.
98. As a driver, I can toggle SMS alerts when products in my wishlist have a price change so I can make a purchase quickly.
99. As a driver, I can toggle email alerts when products in my wishlist have a price change so I can make a purchase quickly.
100. As a driver, I can toggle email notifications when an item on my wishlist is no longer available, so I can be informed on updates about products.
101. As a driver, I can toggle SMS notifications when an item on my wishlist is no longer available, so I can be informed of updates about products.
102. As a driver, I can see an overview of my history with sponsors, so I can keep track of my history with the program.
103. As a driver, I can leave feedback to the sponsor, so I can help improve the program.
104. As a driver, I can leave feedback to the administrators, so I can help improve the program.
105. As a driver, I can toggle notifications when my sponsor's point conversion rate changes, so I can plan accordingly.

106. As a driver, I can opt-in to receive promotional offers from sponsors, so I can decide if I want to take advantage of the offers.
107. As a driver, I can opt out of promotional offers from sponsors, so I can decide if I want to take advantage of the offers.
108. As a driver, I can choose my main notification channel between SMS and email, so I can choose my preferred communication channel.
109. As a driver, I can create a sponsor-related issue ticket and choose a topic that best suits my issue, so I can better explain my situation.
110. As a driver, I can create an administrator-related issue ticket and choose a topic that best suits my issue, so I can better explain my situation.
111. As a driver, I can create a ticket and select my issue as point-related, so my ticket is better directed to the team that handles those issues.
112. As a driver, I can create a ticket and select my issue as a technical issue, so my ticket is better directed to the team that handles those issues.
113. As a driver, I can create a ticket and select my issue as a general issue, so my ticket is better directed to the team that handles those issues.
114. As a driver, I can create a ticket and select my issue as other, so my ticket is better directed to the team that handles those issues.
115. As a driver, I can track the status of my open tickets in real-time so that I can see the progress of the resolution.
116. As a driver, I can reopen a closed issue ticket if the issue is not fully resolved, so I can continue to receive support.
117. As a driver, I can rate the support I received after my issue ticket is resolved, so I can provide feedback on the assistance I received.
118. As a driver, I can filter my created issue tickets by whichever are currently open, so I can better manage and review my ticket history.
119. As a driver, I can filter my created issue tickets by whichever are currently pending, so I can better manage and review my ticket history.
120. As a driver, I can filter my created issue tickets by whichever are currently closed, so I can better manage and review my ticket history.
121. As a driver, I can receive notifications when the status of my ticket changes, so I stay updated on the progress of my issue.

Sponsor User Stories

1. As a sponsor, I can log into my account, to monitor drivers.
2. As a sponsor, I can log out of my account for security.
3. As a sponsor, I can change my username, so I can log in with a username better suited to me.

4. As a sponsor, I can add my company email address so important information can be sent there.
5. As a sponsor, I can change my company email address so that it's up to date.
6. As a sponsor, I can verify that my company email address is correct so I don't get locked out of the account.
7. As a sponsor, I can reset my password, so I can regain access to my account.
8. As a sponsor, my password must be confirmed when changed so I can guarantee it's correct.
9. As a sponsor, I can view my profile information, so I can see how I appear to drivers.
10. As a sponsor, I can add a profile, so I can give drivers information relating to me.
11. As a sponsor, I can change my profile information, to update information.
12. As a sponsor, I can add a sponsor logo, so that we are more easily identified.
13. As a sponsor, I can change the sponsor logo so we are more easily identified.
14. As a sponsor, I can add a sponsor banner, so that we are more easily identified.
15. As a sponsor, I can change a sponsor banner, so that we are more easily identified.
16. As a sponsor, I can add a sponsor bio, so that the drivers know more about us.
17. As a sponsor, I can change a sponsor bio, so that the drivers know more about us.
18. As a sponsor, I can add sponsor links, so that drivers can access our personal sponsor pages.
19. As a sponsor, I can change sponsor links, so that drivers can access our personal sponsor pages.
20. As a sponsor, I can obtain feedback when entering the wrong login information, to know if my credentials are incorrect.
21. As a sponsor, I can obtain feedback when entering the wrong login information too many times, to know if I have logged in too many times with the wrong login information.
22. As a sponsor, I can see a list of available drivers, so that I know the different sponsors to apply for.
23. As a sponsor, I can search through the drivers, so that I can find a specific one.
24. As a sponsor, I can view drivers' profile images, so that I know more about them.
25. As a sponsor, I can view drivers' bios, so that I know more about them.
26. As a sponsor, I can choose which driver applications I accept to determine which driver I feel comfortable with sponsoring.
27. As a sponsor, I can message a driver, so I can notify them about anything they need to know.
28. As a sponsor, I can view a list of driver applications, so that I can see all of the drivers possible.
29. As a sponsor, I can search through the driver applications, so that I can find a specific one.
30. As a sponsor, I can sort the driver applications, so that I can find them more easily.
31. As a sponsor, I maintain a catalog of incentive products to provide rewards for drivers to purchase.
32. As a sponsor, I can add points to the driver's balance, so I can award them for their good driving.

33. As a sponsor, I can subtract points from the driver's balance, so I can punish them for their bad driving.
34. As a sponsor, I can include a reason for point charges, so that the Drivers know what actions give or take points.
35. As a sponsor, I can review the status of participating drivers, so that I can deduce whether to grant or revoke points from drivers.
36. As a sponsor, I can review application inquiries, so that I can review driver applications.
37. As a sponsor, I can approve applications, so drivers can get accepted into the program.
38. As a sponsor, I can reject applications, so unfit drivers do not get accepted into the program.
39. As a sponsor, I can view point purchase requests, so I can confirm or reject their request.
40. As a sponsor, I can set the dollar value of driver points, to have control over their value.
41. As a sponsor, I can set a notice that point-to-dollar value changes will happen, so that I can warn drivers and they don't feel like their points are cheated.
42. As a sponsor, I can set the items in the catalog to new items, so I can give drivers products that will incentivize them.
43. As a sponsor, I can refresh the catalog, to view current updated prices or availability information.
44. As a sponsor, I can have multiple login sessions at once, so a group of workers can all use the same sponsor account.
45. As a sponsor, I can set the Terms and Conditions, so drivers can view it when they decide to apply for my sponsorship.
46. As a sponsor, I can view pending tickets that need to be resolved, so I can help drivers with their purchases.
47. As a sponsor, I can sort pending tickets that need to be resolved, so that I can organize the tickets.
48. As a sponsor, I can search through the tickets, so that I can find a specific one more easily.
49. As a sponsor, I can create a support ticket about a technical issue, so the administrators can help me resolve it.
50. As a sponsor, I can delete a support ticket that I haven't sent out so that I can remove any unnecessary drafts.
51. As a driver, I can attach a picture to my admin support tickets, so I can better explain my issue.
52. As a sponsor, I can view the driver's point history, so I can monitor their progress.
53. As a sponsor, I can only view driving information from their time with my sponsorship, so I can monitor the progress.
54. As a sponsor, I can view a driver's name, so that I can identify them.
55. As a sponsor, I can view a driver's email, so that I can identify them.
56. As a sponsor, I can view a driver's phone number, so that I can identify them.
57. As a sponsor, I can view a driver's wishlist, so I know what they might be interested in.
58. As a sponsor, I can view a driver's purchase set, so I know what they will buy.

59. As a sponsor, I can view driver information with filters such as time, so I can easily monitor their progress.
60. As a sponsor, I can view a general overview of a driver's history, so I can weigh their driving skills at a glance.
61. As a sponsor, I can view what items I offer to the driver, so I can ensure that only the rewards that I've chosen are up-to-date and accurate for them.
62. As a sponsor, I can purchase items on behalf of the driver, so I can reward my drivers with products.
63. As a sponsor, I can generate sponsor reports, so I can review all of my drivers and their point tracking information.
64. As a sponsor, I can get notified when a driver deletes their account so that I can keep better track of drivers.
65. As a sponsor, I can get notified when a driver updates their account so that I can keep track of affiliated drivers.
66. As a sponsor, I can select reports by All drivers or individual drivers, so I can filter drivers when viewing them.
67. As a sponsor, I can select reports by Date range, so I can filter all point history reports by date.
68. As a sponsor, I can view report details on all things related to points, so I can deduce any issues relating to drivers and point histories.
69. As a sponsor, I can add other sub-users as the sponsor creator, so that I can have multiple people manage the sponsor system.
70. As a sponsor, I can remove other sub-users as the sponsor creator, so that I can remove unused users.
71. As a sponsor, I can view all other sub-users as the sponsor creator, so that I can keep track of them.
72. As a sponsor, I can view all current drivers in a list, so that I can select through the different users.
73. As a sponsor, I can sort all current drivers, so that I can easily find more users.
74. As a sponsor, I can search through all current drivers, so that I can find a more specific user.
75. As a sponsor, I can filter users by the date drivers joined the program, so I can find more specific users.
76. As a sponsor, I can filter by drivers with the most points, so I can find more specific users.
77. As a sponsor, I can filter by drivers with the least points, so I can find more specific users.
78. As a sponsor, I can view the dashboard from the driver's point of view, to help driver users with navigating.
79. As a sponsor, I can decide whether drivers can go below zero in their point balance, so I can have control as a sponsor as needed.
80. As a sponsor, I can set a point limit, so that the driver can only have a certain amount of points at once.

81. As a sponsor, I can send drivers notifications about their current outstanding balance, so I can inform drivers as needed.
82. As a sponsor, I can send drivers notifications about promotions, so drivers can be informed as needed.
83. As a sponsor, I can send driver notifications about critical outstanding balances, so I can inform drivers as needed.
84. As a sponsor, I can view feedback from the drivers, so I can help improve the system.
85. As a sponsor, I can respond to feedback from the drivers, so I can make them feel heard.
86. As a sponsor, I can leave feedback to the administrators, so I can help improve the program.
87. As a sponsor, I can send mass notifications to all drivers so I can inform them of important updates.
88. As a sponsor, I can view and respond to feedback from drivers, so I can ask questions about their feedback if I need to.
89. As a sponsor, I can suspend a driver's ability to obtain points temporarily, so I can address bad behavior without removing them from the program.
90. As a sponsor, I can suspend a driver's ability to redeem points temporarily, so I can address bad behavior without removing them from the program.
91. As a sponsor, I can create an administrator ticket and choose a topic that best suits my issue, so I can better explain my situation.
92. As a sponsor, I can create a ticket and select my issue as a driver issue, so my ticket is better directed to the team that handles those issues.
93. As a sponsor, I can create a ticket and select my issue as a catalog issue, so my ticket is better directed to the team that handles those issues.
94. As a sponsor, I can create a ticket and select my issue as a technical issue, so my ticket is better directed to the team that handles those issues.
95. As a sponsor, I can create a ticket and select my issue as "other", so my ticket is better directed to the team that handles those issues.
96. As a sponsor, I can track the status of my open tickets in real time so I can see the progress of the resolution.
97. As a sponsor, I can reopen one of my closed tickets if the issue is not fully resolved, so I can continue to receive support.
98. As a sponsor, I can reopen one of the driver's closed tickets if the issue is not fully resolved, so I can continue to give them support.
99. As a sponsor, I can rate the support I received after my issue ticket is resolved, so I can provide feedback on the assistance I received.
100. As a sponsor, I can filter my created issue tickets by whichever are currently open, so I can better manage and review my ticket history.
101. As a sponsor, I can filter my created issue tickets by whichever are currently pending, so I can better manage and review my ticket history.
102. As a sponsor, I can filter my created issue tickets by whichever are currently closed, so I can better manage and review my ticket history.

103. As a sponsor, I can receive notifications when the status of my ticket changes, so I stay updated on the progress of my issue.
104. As a sponsor, I can view the ratings from a closed driver ticket so I can read the feedback on the assistance I gave.
105. As a sponsor, I can report a suspicious driver, so I can ensure that I do not sponsor a bad actor.
106. As a sponsor, I can remove a driver from affiliation, so I can handle inactive driver users properly.
107. As a sponsor, I can add additional descriptions to items from the catalog, so I can persuade drivers of the value of some items.
108. As a sponsor, I can add other relevant information to items from the catalog, so I can inform users of why the item was picked, or any other information needed.
109. As a sponsor, I can restrict users from purchasing items in the catalog, so I can ensure users have enough points to purchase something.
110. As a sponsor, I can advertise my affiliation to driver users, so I can gain more affiliated users.
111. As a sponsor, I can view other sponsors' information, so I can understand more of the benefits they might offer.
112. As a sponsor, I can edit the price of specific catalog items, so that I can make it more expensive or cheaper.
113. As a sponsor, I can get a notification when an item is unavailable in my catalog so that I can replace or remove it.

Admin User Stories

1. As an admin, I can log into my account, to monitor sponsors and drivers.
2. As an admin, I can log out of my account for security reasons.
3. As an admin, I can reset my password, to regain access to my account.
4. As an admin, I can add/change a profile picture, so that I may be more easily identifiable.
5. As an admin, I can change my profile information, to update information.
6. As an admin, I can change a driver's profile picture, to remove any inappropriate data.
7. As an admin, I can change a driver's bio, to remove any inappropriate data.
8. As an admin, I can change a driver's email, to help with any issues.
9. As an admin, I can change a driver's phone, to help with any issues.
10. As an admin, I can change a driver's name, to help with any issues.
11. As an admin, I can change a driver's point values, to help resolve any issues.
12. As an admin, I can change a driver's point history, so that I can correct any mistakes needed.
13. As an admin, I can edit a driver's wishlist, so that I can fix any issues with it.
14. As an admin, I can obtain feedback when entering the wrong login information, to know if my credentials are incorrect.
15. As an admin, I can add new admins, so that I can grant my team accounts.
16. As an admin, I can create sponsor accounts, so sponsors can use the app.

17. As an admin, I can create driver accounts, so drivers can use the app.
18. As an admin, I can create admin accounts, so admins can use the app.
19. As an admin, I can remove sponsor accounts, so inactive or malicious sponsor accounts do not affect the platform.
20. As an admin, I can remove driver accounts, so inactive or malicious driver accounts do not affect the platform.
21. As an admin, I can remove admin accounts, so inactive or malicious admin accounts do not affect the platform.
22. As an admin, I can restrict sponsor accounts from being allowed to create subaccounts, so that I can prevent too many users.
23. As an admin, I can review the driver's picture, so that I can make sure everything is correct.
24. As an admin, I can review the driver's number, so that I can verify everything is correct.
25. As an admin, I can review the driver's email, so that I can verify everything is correct.
26. As an admin, I can review the driver's bio, so that I can make sure it's appropriate.
27. As an admin, I can review the driver's point value, so that I can verify everything is correct.
28. As an admin, I can review the driver's name, so that I can make sure I have the correct person.
29. As an admin, I can review the driver's wishlist, so that I can verify everything with the wishlist is correct.
30. As an admin, I can review the sponsor's picture, so that I can verify there is no inappropriate content.
31. As an admin, I can review the sponsor's banner, so that I can verify there is no inappropriate content.
32. As an admin, I can review the sponsor's number, so that I can verify everything is correct.
33. As an admin, I can review the sponsor's email, so that I can verify everything is correct.
34. As an admin, I can review the sponsor's bio, so that I can make sure it's appropriate.
35. As an admin, I can review the sponsor's point value conversion, so that I can verify everything is correct.
36. As an admin, I can review the sponsor's name, so that I can make sure I have the correct person.
37. As an admin, I can change a sponsor's picture, to remove any inappropriate data.
38. As an admin, I can change a sponsor's banner, to remove any inappropriate data.
39. As an admin, I can change a sponsor's bio, to remove any inappropriate data.
40. As an admin, I can change a sponsor's email, to help with any issues.
41. As an admin, I can change a sponsor's phone, to help with any issues.
42. As an admin, I can change a sponsor's name, to help with any issues.
43. As an admin, I can change a sponsor's point conversion rate, so that I can better control the platform.
44. As an admin, I can set a global sponsor point conversion max, so that sponsors can't make the point conversion incredibly large..

45. As an admin, I can set a global sponsor point conversion minimum, so that sponsors can't make the point conversion incredibly small.
46. As an admin, I can set a global sponsor maximum number of drivers, so I can ensure one sponsor does not have all the drivers.
47. As an admin, I can ban email addresses, so that I can make sure unwanted users won't be allowed to sign up on the platform.
48. As an admin, I can review admin account information, so I can verify any information as needed.
49. As an admin, I can modify admin account information, so I can rectify any information as needed.
50. As an admin, I can view pending tickets from drivers, so I can help drivers with technical issues.
51. As an admin, I can view pending tickets from sponsors, so I can help sponsors with technical issues.
52. As an admin, I can generate audit logging reports, so I can encapsulate events that happen within the app for scrutinization.
53. As an admin, I can view previously generated audit reports, so I can review past events that have occurred.
54. As an admin, I can download audit reports as CSVs, so I have a way to archive them.
55. As an admin, I can maintain information about driver applications, so I can verify sponsor activities are in good faith.
56. As an admin, I can maintain information about point changes, so I can verify if any point fraud occurs.
57. As an admin, I can maintain information about password changes, so I can check for any strange behavior with accounts.
58. As an admin, I can maintain information about login attempts, so I can verify if fake or bad-acting accounts were created and used.
59. As an admin, I can view sales by sponsors, so I can ensure sponsors are not bad actors and are not scamming users.
60. As an admin, I can select sponsor sales reports by All sponsors or individual sponsors, so I can filter through sponsor activity holistically or on a smaller scale.
61. As an admin, I can select sponsor sales reports by date range, so I can ensure that the history of sponsors does not contain any sort of mismanagement.
62. As an admin, I can view sponsor sales reports by their summaries or with all the details, so I can only view the information that I need.
63. As an admin, I can view sales by driver by their sponsors, so I can determine which sponsors are affiliated with which drivers.
64. As an admin, I can view invoices per sponsor, so I can summarize their purchases and fees due.
65. As an admin, I can select audit logs by audit log categories, so I can manage which audit logs are for what situation.
66. As an admin, I can send mass notifications to drivers, to inform them of important system updates.

67. As an admin, I can send mass notifications to sponsors, to inform them of important system updates.
68. As an admin, I can view and respond to feedback from drivers, so I can ask questions about their feedback if I need to.
69. As an admin, I can view and respond to feedback from sponsors, so I can ask questions about their feedback if I need to.
70. As an admin, I can track the status of open tickets in real-time so that I can see the progress of the resolution.
71. As an admin, I can reopen closed tickets if the issues are not fully resolved, so I can continue to give support.
72. As an admin, I can reopen one of the driver's closed tickets if the issue is not fully resolved, so I can continue to give them support.
73. As an admin, I can view the ratings from a closed driver ticket so I can read the feedback on the assistance I gave.
74. As an admin, I can view the ratings from a closed sponsor ticket so I can read the feedback on the assistance I gave.
75. As an admin, I can filter current issue tickets by whichever are currently open, so I can better manage and review ticket history.
76. As an admin, I can filter current issue tickets by whichever are currently pending, so I can better manage and review ticket history.
77. As an admin, I can filter current issue tickets by whichever are currently closed, so I can better manage and review ticket history.
78. As an admin, I can give notifications when the status of driver tickets changes, so I can update drivers on the progress of their issues.
79. As an admin, I can give notifications when the status of sponsor tickets changes, so I can update sponsors on the progress of their issues.
80. As an admin, I can view non-ticket-related feedback from drivers, so I can read their advice for improving the platform.
81. As an admin, I can view non-ticket-related feedback from sponsors, so I can read their advice for improving the platform.
82. As an admin, I can monitor login attempts, so I can determine if there are any SQL injection attacks happening.
83. As an admin, I can review the content of a sponsor user's catalog, so I can determine if the products they are selling are safe for our platform.
84. As an admin, I can update the content of a sponsor user's catalog, so I can set products that are accounted for and available on the third-party platform.
85. As an admin, I can view all drivers listed under a sponsor, so I can review what sponsors are the most popular.
86. As an admin, I can override purchases that a driver makes, so I can ensure the driver isn't abusing purchases in some way.
87. As an admin, I can set standards for sponsors, so I can make sure they adhere to the platform's rules to be a sponsor.
88. As an admin, I can update the sponsor's rules, so I can ensure sponsors are not abusing their power over drivers and are promoting fair rules under guidelines.

89. As an admin, I can identify users as drivers in the SQL database, so I can check their raw data.
90. As an admin, I can identify users as sponsors in the SQL database, so I can check their raw data.
91. As an admin, I can identify users as admins in the SQL database, so I can check their raw data.
92. As an admin, I can check the history of the SQL database, so I can ensure the validity of the values stored.
93. As an admin, I can be notified of SQL event triggers, so I can be aware of possible important data anomalies.
94. As an admin, I can override database jobs, so I can start or stop certain scheduled events for things like server maintenance.
95. As an admin, I can set and modify permissions for the SQL database, so I can ensure that data does not get into the hands of malicious users.
96. As an admin, I can compare the state of the SQL database to a revision stored in S3, so I can ensure that the data is not compromised at all.
97. As an admin, I can check the state of EC2 jobs for AWS, so I can see what data is being transferred to the service.
98. As an admin, I can simulate a driver user in a closed environment, to test out new features.
99. As an admin, I can simulate a sponsor user in a closed environment, to test out new features.
100. As an admin, I can simulate an admin user in a closed environment, to test out new features.
101. As an admin, I can simulate point transactions in a closed environment, so I can test the point-transfer policies of sponsors.
102. As an admin, I can be notified of the state of certain sponsors, so I can check if they are currently active or inactive.
103. As an admin, I can send notifications to inform drivers of any problems with their accounts, so I can ensure that drivers know what behavior is problematic.
104. As an admin, I can store a backup of the current driver database, so I can ensure that they are archived and able to be reviewed later.
105. As an admin, I can store a backup of the current sponsor database, so I can ensure that they are archived and able to be reviewed later.
106. As an admin, I can store a backup of the current admin database, so I can ensure that they are archived and able to be reviewed later.
107. As an admin, I can retrieve a backup of the current driver database, so I can review the list of drivers at a previous point in time.
108. As an admin, I can retrieve a backup of the current sponsor database, so I can review the list of sponsors at a previous point in time.
109. As an admin, I can retrieve a backup of the current admin database, so I can review the list of admins at a previous point in time.
110. As an admin, I can store a backup of the audit logs, so I can ensure that they are archived and able to be reviewed later.

- 111. As an admin, I can retrieve a backup of the audit logs, so I can review the list of drivers at a previous point in time.
- 112. As an admin, I can store a backup of the sponsor reports, so I can ensure that they are archived and able to be reviewed later.
- 113. As an admin, I can retrieve a backup of the sponsor reports, so I can review the list of drivers at a previous point in time.
- 114. As an admin, I can store a backup of the admin reports, so I can ensure that they are archived and able to be reviewed later.
- 115. As an admin, I can retrieve a backup of the admin reports, so I can review the list of drivers at a previous point in time.
- 116. As an admin, I can store a backup of the invoices, so I can ensure that they are archived and able to be reviewed later.
- 117. As an admin, I can retrieve a backup of the invoices, so I can review the list of drivers at a previous point in time.
